GERMISTON

# SCHOOL APPLICATION FORM

Dear Parent

Makro Germiston and your school have joined efforts to stretch your schools funding to assist in your child's education. The principal has agreed to join the Makro School Rebate Programme on the basis that all parents from your school will get linked under the school's name as a group. Every six months your school then receive a percentage of the profits Makro made out of the group's sales. It is important to note that only purchases from the Germiston branch will be acknowledged for the rebate, whilst you are welcome to use your card at any Makro branch.

By applying for a Makro card, you not only benefit by getting the best deal in the world on food, liquor and general merchandise, but you can now also contribute to your schools funding.

You can apply for your personal FREE Makro card by completing the attached application form and returning it to the school. If you are an existing Makro customer, fill your card number and details on the attached application form and we will add your existing card to the programme.

You are welcome to contact Allan Terblanche on 011-372-0351 if you require further information.

Kind regards,

Allan Terblanche
Marketing Officer - School Rebate Programme
